Lighthouse Point, FL 33064

Dear Dave:

We're writing this letter to express our thanks for the wonderful prick paver job that you recently completed at our home. We are extremely happy with our new pool and patio area. Thank for always being on time, always being available if I had any questions and a special thanks to your installers who were very professional.

We would not hesitate to recommend your company to any of our friends.

Thanks again!

Sincerely,

Brad & Gloria Bruening
