National BrickPavers
3450 North Federal Highway
Lighthouse Point, FL

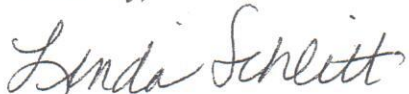

Subject: Letter of Recommendation

I apologize for the delay in writing this letter but I still wanted to take a few minutes to let you know how much I truly appreciate my beautiful deck everyday.

My pool and pool deck were updated in 2004 by another company. The pool was fine, but the deck was a disaster. There was a misunderstanding on what was expected and certainly on my part when looking at the final product. I survived a few years hating it every day. I quoted 3 companies to have this redone and I chose National BrickPavers and have been very pleased from start to finish. The brick delivery dates that were committed were accurate and the job was done immediately and looks wonderful! Sal Varriano offered some ideas initially and they worked out great. The installation crew did an excellent job – with an oval pool there was a tremendous amount of cutting and no short cuts were taken. I previously had a low area and they worked until they resolved it. My only disappointment is that I didn't use National BrickPavers the first time!!

Thank you for a quality job.

Sincerely,

Linda Schlitt
