Dear Doug,

8/5/06

Thank you for doing such a great job on our deck. The marble looks fantastic. You were a tremendous help from start to finish. I know there were some peculiarities about our patio that required a bit of ingenuity to manage; all your suggestions were excellent. The crews were professional and efficient, and the whole job was handled beautifully. I will gladly recommend you to my friends, and don't hesitate to use me as a reference should the need arise. Thanks again.

Sincerely,

A handwritten signature in cursive script that reads "Dan". The letter "D" is large and loops around the "an".

Dan Jewelewicz
